Todd Olinger - East Galesburg
Mike Parsons - Metamora
Brian Sorrell - Rushville

Interesting Facts

- The Macomb-Western Holiday Tournament is named after the event's original two host schools: Macomb High School and Western High School. Western High School - a lab school located at Western Illinois University - closed its doors in 1973.
- This year's program cover logo was designed by Adam Willett, a senior at Macomb High School.
- Bushnell-Prairie City rejoins the tournament in 2024. The Spartans previously participated in the tournament from 1965-2009...winning titles in 1975 and 1988.
- Mercer County makes its debut at this year's event. The school began in 2009 as a consolidation of Aledo High School and Westmer High School. Aledo participated in the tournament in 1947 and from 1965-1972...winning the tournament in 1965.
- Peoria Christian is also making its tournament debut this year after advancing to the sectional semi-finals last season.
- In the last year, the tournament's website (holidaybasketball.com) was visited by 15,609 unique users in 36 countries and garnered 289,687 views.
- The IHSA calculates enrollment by taking the average of the previous two school years. That's why some schools have a .5 in their enrollment. Private schools are given a 1.65x multiplier.
